Name & Signatures of the Bidder along with Seal

Note:

- 1) Bidder (authorised signatory) shall submit their offer both for technical documents and proposal, along with DD/Banker's Cheque for Bidding document fee & Bid Security physically at the office of Project Director, DST as prescribed in NIT.
- 2) DST will not be responsible for delay in submission due to any reason. For this, bidders are requested to submit the complete bid well in advance so as to avoid 11th hour issues for any other unforeseen problems.
- 3) DST reserves the complete right to cancel the bid process and reject any or all of the Bids.
- 4) No contractual obligation whatsoever shall arise from the bidding document/ bidding process unless and until a formal contract is signed and executed between the procuring entity and the successful bidder.
- 5) Procurement entity disclaims any factual or other errors in the bidding document (the onus is purely on the individual bidders to verify such information) and the information provided therein are intended only to help the bidders to prepare a logical bid-proposal.
- 6) The provisions of RTPP Act 2012 and RTPP Rules 2013 thereto shall be applicable for this procurement. Furthermore, in case of any inconsistency in any of the provisions of this bidding document with the RTPP Act 2012 and RTPP Rules 2013 thereto, the later shall prevail.

Name & Signatures of the Bidder along with Seal

Definitions & Acronyms

GoR	GoR would invariably mean Department of Science and Technology, Government of Rajasthan.
Tendering Authority	Project Director, Department of Science and Technology (DST) First Floor, Vigyan Bhawan, Shastri Nagar, Jaipur, is the tendering authority.
Bidder/Vendor/Agency/System Integrator	A firm submitting a proposal in response to this EOI.
EOI	The Expression of Interest document in its entirety, inclusive of any addenda that may be issued by the GoR.
DST	Department of Science and Technology
RLA	Rajasthan Legislative Assembly
ToR	Terms of Reference
Technology Partner	Technology Partner (s) means a company with complementing technologies / machineries / knowledge which supports the bidder in certain specific activities of the project to enhance the overall project/delivery.

Chapter-1: Invitation for Bids

- 1.1 Government of Rajasthan intends to set up a Selecting Agencies for Establishment of Helicopter Simulator and Photo booth at Museum on Political Narratives, Rajasthan Legislative Assembly, Jaipur.
- 1.2 On behalf of Department of Science and Technology, Government of Rajasthan, DST invites the Expression of Interest from reputed organizations having experience in setting up of advanced Helicopter Simulator and Photo booth.
- 1.3 This Expression of Interest ("EOI") is being issued for inviting offers from eligible bidders. However, this document would not be binding on the DST in any manner whatsoever.
- 1.4 The participating companies/firms/trust/society must be incorporated under respective acts/laws. Joint Venture is also allowed. The Joint Venture shall not consist of more than two companies/firms/trust/society and shall be formed under a duly stamped Joint Venture agreement (Annexure-2). In a Joint Venture one of the partners shall be designated as a "Lead Partner". Every member of the Joint Venture shall be equally responsible and jointly & severally liable for successful completion of the entire project.
- 1.5 This EOI is a two-stage selection process for Selecting Agencies for Establishment of Helicopter Simulator and Photo booth at Museum on Political Narratives, Rajasthan Legislative Assembly, Jaipur at Rajasthan.
- 1.6 Based on the responses received in this EOI, one or more than one agency shall be shortlisted to participate in second stage (RFP). Successful bidder(s) from second stage shall set up Helicopter Simulator and Photo booth at Museum on Political Narratives, Rajasthan Legislative Assembly, Jaipur.
- 1.7 In response to this EOI, bidders need to make presentation on their requirement of space, capabilities, their proposal, training courses and how they intend to run Helicopter Simulator and Photo booth and provide services. The criteria for shortlisting would include:
 - i. General Qualifications: Company profile, understanding of the GoR's requirement, references reflecting similar work and related experiences, availability of key resources and infrastructure.
 - ii. Ability to deliver the stated scope of work, the process/quality methodologies that bidder adopts, recognition of issues and problems.
 - iii. Proposal on setting up Helicopter Simulator and Photo booth at Museum on Political Narratives, Rajasthan Legislative Assembly, Jaipur
 - iv. Proposal for developing existing area like excretion of walls, false ceiling, interior redoing and development of waiting area at museum on political narratives

- v. Training of running helicopter simulator to staff for 3 months (detailed syllabus, equipment required etc.)
- vi. Expected visitors experience after completion of the project.
- vii. Capability to provide technical expert and trainers support manpower for running the helicopter simulator and photo booth
- viii. Any other criteria found suitable

- 1.8 DST reserves the right to
- make necessary changes in the terms of the Project, and
 - to reject any or all bids without assigning any reasons thereof.

- 1.9 The offer of the bidder shall remain valid for 90 days after the date of Bid opening.

- 1.10 Bid documents must be sent at the address given below, up to 15:00 hrs. on ("Submission Deadline") and Bid will be opened on the same day at 15:30 hrs. at the address given below in the presence of the Bidder's representative, who wish to attend.

Chapter-2: Important Dates

S.No	Events	Date
1.	Date of Publication of Expression of Interest (EOI)	28.09.2026
2.	Pre-Bid Meeting Date, Time & Place	08.10.2026, 11:00 AM at Rajasthan Vidhansabha, Jyoti Nagar, Jaipur-302005
3.	Last Date & Time of Submission of EOI	21.10.2026 6:00 PM
4.	Date & Time of Opening of EOI	22.10.2026 11:00 AM
5.	Tentative Date of Presentation	Will be intimated later

Chapter-3: Eligibility Criteria

- 3.1 The criteria given in the succeeding paragraphs must strictly be fulfilled by the bidder (Lead Partner in case of Joint Venture). The bidder must submit documentary evidence in support of their claim for fulfilling the criteria and they should submit an undertaking on their letter heads to the fairness of these documents in support of their claim while submitting the Bid(s). The bids received without documentary evidence will be out rightly rejected.
- 3.2 An agency participating in the procurement process shall possess the following minimum pre-qualification/eligibility criteria.

S. No.	Basic Requirement	Specific Requirements	Documents Required
1.	Legal Entity	The agency should be a company registered under Indian Companies Act, 1956 /2013 OR A partnership firm registered under Indian Partnership Act, 1932. OR An LLP firm registered under Limited Liability Partnership Act, 2008 OR A Trust Registered under Indian Trust Act 1882 OR A Society Registered under The Societies Registration Act, 1860 Joint Ventures is allowed. The Joint Venture shall not consist of more than two Companies/Firm/ Agency and shall be formed under a duly stamped Joint Venture agreement (Annexure-2). In a Joint Venture, one of the parties shall be designated as a “Lead Partner”. Every member of the Joint Venture shall be equally responsible and jointly & severally liable for successful completion of the entire project. In case of any issues, Lead partner shall be responsible for all the penalties. However, for the purpose of evaluation, Lead Partner must comply to all eligibility criteria. In case if Bidder wants to engage any knowledge/technology partner, an authorisation from the entity should be provided (Annexure – 6)	- Copy of valid Registration Certificate OR - Copy of Certificate of incorporation - Joint Ventures agreement (if applicable)

S. No.	Basic Requirement	Specific Requirements	Documents Required
2.	Financial: Turnover	Average Annual Turnover of the agency during the last three financial years, i.e., from 2022-23, 2023-24 and 2024-2025 (as per the last published audited balance sheets), should be at least Rs. 3.00 Crores.	CA Certificate with CA's Registration Number/ Seal with UDIN
3.	Financial: Net Worth	The net worth of the bidder, as on 31 st March 2025, should be Positive.	CA Certificate with CA's Registration Number/ Seal with UDIN
4.	Tax registration	The bidder should have a registered number of i. GST where his business is located ii. Income Tax / PAN number.	Copies of relevant certificates of registration
5.	Mandatory Undertaking	Bidder should: - a) not be insolvent, in receivership, bankrupt or being wound up, not have its affairs administered by a court or a judicial officer, not have its business activities suspended and must not be the subject of legal proceedings for any of the foregoing reasons. b) not have, and their directors and officers have not been convicted of any criminal offence related to their professional conduct or the making of false statements or misrepresentations as to their qualifications to enter a procurement contract within a period of three years preceding the commencement of the procurement process, or not have been otherwise disqualified pursuant to debarment proceedings. c) not have a conflict of interest in the procurement in question as specified in the bidding document. d) comply with the code of integrity as specified in the bidding document.	A Self Certified letter as per Annexure-1: Self-Declaration
6.	Experience	The Agency / Joint Ventures / Technology Partner/ Company/ Firm should have completed museum development/established helicopter simulator/photo booth/4D or 7D theater/or any other similar project nationally and/or internationally.	Work orders or Service Level Agreement, or any relevant document. In case of Joint Venture /Technology partner, the agency must submit an authorization form as provided.

Chapter-4: Project Profile

- 4.1 Department of Science and Technology envisions use of advanced and emerging technologies like Helicopter Simulator and Photo booth for immersive tourist experience.
- 4.2 Recognizing the importance of Emerging Technologies, the State Government has made a budget announcement of setting up a Helicopter Simulator and Photo booth at Museum on Political Narratives, Rajasthan Legislative Assembly, Jaipur
- 4.3 In compliance to the budget announcement, DST is in process of establishing Helicopter Simulator and Photo booth at Museum on Political Narratives, Rajasthan Legislative Assembly, Jaipur.
- 4.4 The work is to be executed in compliance of RLA administrative order no 24283 dt.03-08-2026.

Chapter-5: Scope of Work

Scope of Work

Part 1: Helicopter Simulator

The Technical Committee recommends helicopter simulator facility in the Digital Museum aims to introduce visitors to the geographical, cultural, and spiritual diversity of Rajasthan through a novel and experiential medium. This state-of-the-art Automated simulator will provide a realistic helicopter-like experience without the need for actual flight, allowing visitors to experience the audio-visual experience of selected routes connecting Rajasthan's royal heritage, forests, sanctuaries, Vidhan Sabha and spiritual sites from a single location. This facility will be educationally useful for students, researchers, and the general public, and will help enhance the digital museum's attractiveness, public participation, and educational value. This initiative will be a significant step towards making the Rajasthan Legislative Assembly's Digital Museum a unique center for technological innovation and experiential learning.

- This EOI is a two-stage selection process for Selecting Agencies for Establishment of Helicopter Simulator and Photo booth at Museum on Political Narratives, Rajasthan Legislative Assembly, Jaipur at Rajasthan.
- Based on the responses received in this EOI, one or more than one agency shall be shortlisted to participate in second stage (RFP). Successful bidder(s) from second stage shall set up Helicopter Simulator and Photo booth at Museum on Political Narratives, Rajasthan Legislative Assembly, Jaipur.
- In response to this EOI, bidders need to make presentation on their requirement of space, capabilities, their proposal, training courses and how they intend to run Helicopter Simulator and Photo booth and provide services.

- A professional **DSLR camera or high-resolution 4K camera** shall be provided.
- The camera shall be positioned to capture the visitor and virtual Speaker from an appropriate angle.

Lighting

- Professional studio-quality lighting shall be provided to ensure uniform illumination.
- Lighting shall be designed to minimize shadows, reflections and colour differences between the visitor and the virtual representation.

3. Visitor Experience / User Journey

The entire process shall be automated and user-friendly.

1. **Visitor Entry:** The visitor approaches the Photo Booth and is guided by on-screen instructions to sit on the designated chair.
2. **Automatic Activation:** The system detects the visitor through a weight or motion sensor and automatically initiates the photo sequence.
3. **Virtual Interaction:** The virtual representation of the Hon'ble Speaker appears beside the visitor. A pre-recorded welcome message may be played.
4. **Countdown:** A visual countdown of **5-4-3-2-1** shall appear on the screen before capturing the photograph.
5. **Photograph Capture:** The camera automatically captures a high-resolution photograph. The software shall digitally combine the visitor's image with the virtual representation of the Hon'ble Speaker.
6. **Photo Preview & QR Delivery:** The final photograph shall be displayed on the screen, and a **unique QR code** shall be generated through which the visitor can access and download the photograph on their mobile device.

4. Software & Digital Features

The software shall include the following features:

- **Automatic Image Composition:** Adjustment of image positioning, scale and alignment according to the visitor's sitting position and height.
- **High-Quality Digital Blending:** Seamless integration of the visitor and virtual Speaker to produce a realistic photograph.
- **Custom Digital Frame:** The final photograph shall include the museum logo, date and suitable identification text such as **"Memories of the Legislative Assembly Digital Museum."**
- **Automated Operation:** The system shall operate without requiring manual intervention during normal visitor use.
- **Data Privacy:** Photographs and associated visitor data, if temporarily stored on the server, shall be automatically deleted after a predefined period, preferably **within 24 hours**, in accordance with applicable data-protection requirements.

5. Key Objective

The Photo Booth shall combine **interactive technology, visual immersion** to provide visitors with a unique experience while creating a symbolic connection between citizens and the Rajasthan Legislative Assembly.

The complete system shall be designed with emphasis on **realism, reliability, ease of operation, visitor safety, accessibility, data privacy and long-term maintainability**.

Part 3: Development of Waiting Area

The development of the waiting area for the helicopter simulator and photo booth masterfully merges contemporary building materials with authentic Rajasthani aesthetic traditions. By leveraging modern construction mediums such as engineered structural boards, high-grade acrylics, precision metal fabrication, and durable vitrified tiles, the space achieves high

		Galta Ji → transition toward Rajasthan
Stop 1	Pushkar – Ajmer	Pushkar Lake → Brahma Temple → holy ghats → Ana Sagar Lake aerial
Stop 2	Sariska	Aravalli landscape → Tiger habitat → forest aerial
Stop 3	Bharatpur	Keoladeo wetland → migratory birds → aerial bird formations
Stop 4	Ranthambore	Ranthambore landscape → Fort → Tiger sighting/close encounter
Stop 5	Chambal	Chambal River → Gharial → Crocodile → river landscape
Stop 6	Mewar – Udaipur / Jaisamand	Jaisamand Lake → islands/backwaters → Eklingji/Shrinathji cultural glimpse
Stop 7	Banswara	Mahi Dam → Chacha-Kota islands → Tripura Sundari Temple
Stop 8	Desert National Park – Jaisalmer	Golden desert → sand dunes → Great Indian Bustard (Godawan) → desert ecology
Stop 9	Bikaner	Karni Mata Temple → desert transition → cultural aerial
Finale	Bikaner	smooth landing depicting desert view

Part 2: Photo Booth

The Interactive Photo Booth is proposed as an innovative visitor-engagement feature for the Digital Museum. It will provide visitors with an immersive and memorable experience by creating a virtual photograph with the Hon'ble Speaker of the Legislative Assembly.

The system may be developed using **Augmented Reality (AR), Green Screen (Chroma Key), or an equivalent digital compositing technology** to create a realistic and seamless photographic experience.

1. Core Technology

Augmented Reality / Digital Compositing

The system shall use AR or advanced digital compositing technology to create a realistic visual representation of the Hon'ble Speaker seated beside the visitor.

- A **high-resolution pre-recorded image** of the Hon'ble Speaker shall be integrated into the system.
- A **weight sensor or motion sensor** shall automatically detect the visitor's presence and initiate the photo booth sequence.
- The system shall be designed to maintain accurate positioning, scale, perspective and lighting for a natural-looking final photograph.

2. Hardware Requirements

The Photo Booth shall be designed to reflect the dignified ambience of a Legislative Assembly Chamber.

Seating Arrangement

- Two identical, aesthetically appropriate VIP-style chairs shall be provided.
- One chair shall be designated for the visitor.
- The second chair shall be used for the virtual representation of the Hon'ble Speaker.

Display

- A **55-inch or 65-inch 4K UHD display** shall be provided.
- The display may be configured in a mirror/interactive format to enable visitors to view themselves along with the virtual Speaker.

Camera

		SMS stadium
Stop 2	Central park	Arial view High court , secretariat, Ram bagh palace, polo ground, gandhivatikaetc
Stop 3	Statue Circle	Arial view of statue circle, birla auditorium
Stop 4	Old city	Choti chopad, jantarmantar, Sargasuli, city palace jaipur, govind dev ji, hawa mahal, sawai man singh town hall, garh ganesh hill temple
Stop 5	Amer	Arial view of jal mahal, kanakghati, amer fort , sheesh mahal, Panna meenabawdi, jagatsiromani temple, jaigarh fort, nahargarh fort
Stop 6	Galta ji	Fly towards kholeke hanuman ji, galta ji , albert hall
Stop 7	JLN marg	motidungriganesh temple, shiv temple on mountain, birla temple, smriti van, MNIT, WTP, Patrika gate both side
Finale	City Park Mansarovar	smooth Landing near city park

Merger 1 (Rajasthan's forts, palaces, royal heritage + glimpse of Jaipur city) Visiting students, explorers and history lovers will benefit from this program. **Ride Time: 3 minutes**

Segment	Location	Highlights
Takeoff	Rajasthan Legislative Assembly / Jaipur	Assembly aerial view → Jaipur skyline → royal opening narration
Stop 1	Jaipur Heritage	Hawa Mahal → City Palace → Jantar Mantar → Pink City aerial
Stop 2	Amer	Jal Mahal → Amer Fort → Sheesh Mahal → Jaigarh & Nahargarh Fort
Stop 3	Ajmer	Rajasthan map animation → Taragarh Fort → Prithviraj Chauhan Memorial
Stop 4	Jaisalmer	Sonar Fort aerial → Patwon Ki Haveli → Golden City
Stop 5	Jodhpur	Blue City aerial → Mehrangarh Fort → Ummed Bhawan Palace
Stop 6	Mewar	Kumbhalgarh Fort → Haldighati → Udaipur/Moti Magri
Stop 7	Chittorgarh	Chittorgarh Fort aerial → Vijay Stambh → Padmini Palace
Stop 8	Bundi	Bundi Fort and stepwells arial view
Finale	Dausa	Chand Baori and smooth landing near chandbaori

Merger 2 (Rajasthan's forests, sanctuaries, and natural landscape describing Rajasthan's wildlife ecosystems, conservation, and natural heritage + Spiritual Rajasthan: Its themes will be devotion, pilgrimage, indigenous culture, and harmony) Visiting students, explorers, family and nature lovers will benefit from this program. **Ride Time: 3 minutes**

Segment	Location	Highlights
Takeoff	Jaipur	Jaipur aerial view → Govind Dev Ji →

Finale	Bharatpur	smooth Landing
--------	-----------	----------------

3. The topic will be Rajasthan's forests, sanctuaries, and natural landscape describing Rajasthan's wildlife ecosystems, conservation, and natural heritage. Visiting students, explorers, and nature lovers will benefit from this program. **Ride Time :5 minutes**

Segment	Location	Highlights
Takeoff	Rajasthan Legislative Assembly	Jhalana safari and nahargarh biological reserve
Stop 1	Ajmer	Varun Sagar- Ana Sagar Lake
Stop 2	Desert National Park, Jaisalmer	Great Indian Bustard (Godawan) Desert ecology visuals, dunes
Stop 3	Sariska	Tiger zone
Stop 4	Ranthambore	Tiger close encounter
Stop 5	Bharatpur	Migratory birds & wetlands
Stop 6	Chambal	Gharials & crocodiles
Stop 7	Mahi Dam	Rajasthan Longest Dam backwater islands Chacha-Kota
Finale	Salumber	Jaisamand lake Largest man made fresh water lake and smooth landing near Jaisamand lake

4. The topic will be Rajasthan Legislative assembly new building, old building, jaipur city etc. Visiting students, explorers and political history lovers will benefit from this program. **Ride Time :3 minutes**

Segment	Location	Highlights
Takeoff	Rajasthan Legislative Assembly	Exploring new building Arial view
Stop 1	Rajasthan Legislative Assembly	Outer garden , nakshatra vatika, sahidsmarak, entry gates
Stop 2	Rajasthan Legislative Assembly	Entry from pittal gate, house view
	Rajasthan Legislative Assembly	Arial View of Vidhayak awas and Constitution club of Rajasthan
Stop 3	sawaimansingh town hall (old building)	Arial view of sawai man singh town hall
Stop 4	sawaimansingh town hall	house view
Stop 5	Rajasthan Legislative Assembly	smooth landing

5. The topic will be glimpse of Jaipur city . Visiting students, explorers and history lovers will benefit from this program. **Ride Time :5 minutes**

Segment	Location	Highlights
Takeoff	Rajasthan Legislative Assembly	Rajasthan legislative assembly Arial view , vidhayak awas, constitution club of Rajasthan
Stop 1	Jan path	Jan path, Amar Jawan Jyoti,

Segment	Location	Highlights
Takeoff	Jaipur Vidhansabha	Opening royal narration, Lift off from Rajasthan Legislative Assembly building
	Hawa Mahal	Arial View of Jaipur pink city , city palace, jantarmantar, hawa mahal (top and front both view)
	Amer Fort	moves toward to amer from Jaigarh ,Nahargarh
Stop 1	Ajmer	Rajasthan map animation, VFX of Clouds (helicopter comes out of cloud)

	Prithvi Raj Chouhan Smharak	From taragarh fly towards Prithvi Raj Chouhan memorial Top View then moves close towards statue.
Stop 2	Jaisalmer	Arial view of Sonagarh fort Patwa Hawelli Arial view
Stop 3	Jodhpur	Arial view of Blue city and Mehrangarh fort
Stop 4	Kumbhalgarh Fort	World's second longest fort wall, Panna dhay mahal
Stop 5	Udaipur	Arial view of Haldi ghati, than fly towards Moti magri and City Palace area
Stop 6	Chittorgarh	Complete Arial view of chittorgarh fort focusing vijaystambh ,padmini mahal
Stop 7	Bundi	Bundi Fort
Stop 8	Dausa	Chand Baori, Abhaneri
Finale	Dausa	smooth Landing near chandbaori

2. Spiritual Rajasthan: Its themes will be devotion, pilgrimage, indigenous culture, and harmony. Visiting pilgrims, families, and cultural travelers will benefit from this program. **Ride Time :5 minutes**

Segment	Location	Highlights
Takeoff	Jaipur	Govind dev Ji Temple, Galta Ji
Stop 1	Pushkar	Brahma Temple & holy ghats
Stop 2	Shekhawati	Khatu Shyam ji-Jeenmata-Shakambari mata- Salasar balaji
Stop 3	Bikaner	Karni Mata Temple
Stop 4	Jaisalmer	Tanot Mata-Ram Devera
Stop 5	Pali	Ranakpur Jain Temples
Stop 6	(Rajsamand) Nathdwara	Shrinathji Temple
Stop 7	Udaipur (Eklingji)	Shiva legacy of Mewar
Stop 8	Banswara	Tripura Sundari Mata
Stop 9	Chittorgarh	Sawariya Seth Temple
Stop 10	Bharatpur	Govardhan Ji

monitoring from the control room, a master power cut-off facility and a safety interlock door system to ensure safe and reliable operation.

15. Compatibility

Provide comprehensive acoustic wall and ceiling treatment, audio system/headphones, air-conditioning and fresh-air ventilation, cloud ceiling and ambient lighting, ensuring compatibility with the overall design and operational requirements of the system.

16. Miscellaneous

The selected Agency shall undertake selection of suitable and reputed voice-over artists, 4K cinematic drone shooting and integration of VFX wherever required for the project. The Agency shall also provide QR code display facilities at the ticket counter, ensure compliance with applicable data privacy requirements, and provide secure cloud-based storage of relevant digital content/data for a period of 24 hours. Upon completion of the project, all final source files, editable files, project files, software-related assets, digital content and other relevant deliverables shall be handed over to the Rajasthan Legislative Assembly in an organized manner on appropriate storage media/hard drive. The Agency shall ensure proper backup, compatibility and usability of all handed-over digital assets for future reference and use by the Department.

Phase 5: Testing, Commissioning, Training & Handover

17. Testing and Commissioning

Carry out appropriate testing, calibration, system optimization, performance validation and commissioning of all systems and installations before handing over the completed project.

18. Technical Documentation

Provide comprehensive documentation including detailed drawings, equipment manuals, software licenses, maintenance manuals, electrical drawings, operating procedures, warranty certificates, test reports and as-built drawings (final submission), as applicable.

19. Training and Capacity Building

Provide comprehensive training to personnel nominated by the technical committee for operation, routine maintenance, troubleshooting, administration and basic management of the systems and facilities provided under the project.

20. Training and Capacity Building

Provide comprehensive training to personnel nominated by the technical committee for operation, routine maintenance, troubleshooting, administration and basic management of the systems and facilities provided under the project.

21. Final Deliverables and Documentation

Submit all final project deliverables, including editable source files such as CAD/BIM files, graphics and multimedia files, PDFs, high-resolution renderings, 3D walkthrough videos, Detailed estimate, technical specifications, operation and maintenance documentation and as-built drawings, etc.

22. Handover of Project

Upon successful completion and commissioning, hand over the complete project along with all applicable documentation, source files, manuals, warranties, certificates, test reports, as-built drawings and other deliverables required by the technical committee.

Suggested theme and route for helicopter simulator Ride time 5 minutes and 3 minutes in 4 k sensation Arial view by cinematic camera.

Proposed Theme

1. The theme will be the heritage of the Rajasthan, detailing Rajasthan's forts, palaces, royal heritage, Visitors both domestic and international, will benefit from this program. **Ride Time :5 minutes**

7. Compliance with Codes and Regulations

Ensure that all designs, installations and systems comply with applicable Indian Standards, IEC standards, the National Building Code (NBC), accessibility requirements, State fire and life safety norms, electrical safety requirements, and other applicable statutory rules and regulations.

Phase 3: Execution, Fabrication & Technology Integration

8. Civil, Electrical and Allied Works

Design, coordinate, execute, all related work such as civil, electrical, HVAC, networking, lighting, false ceiling, flooring, partitioning, acoustic treatment, signage, cabling and finishing works, cctv camera installation to be connected with existing network required for successful implementation.

9. Fabrication of Helicopter body

Complete details of material which are going to be used for Fabrication of helicopter, cockpit, chairs, glass, headsets etc. it should be of the highest standards of safety, durability, and environmental responsibility, the fabrication of the helicopter including the main body, cockpit, seating, and windows must be executed using strictly non-toxic, eco-friendly, and sustainable materials.

Body and Cockpit Structure: The structural frame and body will be built using high-grade carbon fiber composites. This advanced material offers an exceptional strength to weight ratio while remaining completely inert and free from hazardous chemical emissions once cured.

Seating and Interiors: The cabin chairs and interior components will utilize natural, fire-retardant, and hypoallergenic fibers, completely avoiding volatile organic compounds (VOCs) or toxic glues.

Glass and Windows: The transparent panels will be made from lightweight, high-impact polycarbonate or advanced acrylic sheets processed without harmful heavy metals or toxic solvents.

Every component is carefully selected to guarantee a completely safe, breathable, and environmentally friendly cabin environment for both the visitors.

10. Software and Technology Integration

Provide all necessary original software with licenses, operating systems, media playback software, AR software, control software and other third-party software required for successful operation and integration of the systems.

11. System Integration

Ensure seamless integration of approved hardware, display systems, audio systems, special effects, lighting, control systems, software applications and multimedia components to provide a unified and reliable visitor experience.

12. Quality Assurance

Ensure that all materials, equipment, systems, fabrication and installations conform to approved specifications, applicable quality standards and performance requirements stipulated by the technical committee.

13. Project Coordination and Timely Completion

Coordinate with the technical committee and complete the assigned scope within the stipulated project schedule, including installation, testing, commissioning, documentation, training and handover

Phase 4: Safety, compatibility & miscellaneous

14. Safety

Provide a suitable load-bearing foundation base, vibration damping and proper leveling, along with acoustic wall treatment and anti-static flooring. The system shall include an emergency stop switch in the cockpit, 3-phase power supply with UPS backup, live

		tools, and software intended for use to ensure quality and precision.
9	Value Additions & Suggestions	Proactive insights, innovative suggestions, and domain expertise offered by agency to optimize project delivery and quality.

* Agencies that do not comply with the above requirements or fail to submit the required documents shall not be considered for participation.

The scope of work recommended by technical committee shall include, but not be limited to, the following:

The selected Agency shall be responsible for providing comprehensive consultancy, design, development, integration, installation, commissioning and associated services (maintenance of existing fixtures and structure i.e., cctv installation, fire system, HVAC management etc.) for the proposed project. The broad scope of responsibilities shall include, but not be limited to, the following:

Phase 1: Research, Baseline Assessment & Strategy

1. Site Reconnaissance and Assessment

Conduct detailed site reconnaissance, site surveys, measurements, documentation and assessment of the existing site conditions, infrastructure, maintenance services and other relevant parameters required for the planning and implementation of the project.

2. Research, Theme and Concept Development

Undertake research, theme development, storyline preparation/script development, interpretation planning, content development and preparation of concept notes in consultation with the Technical Committee.

3. Deployment of Multidisciplinary Team

Deploy an adequately qualified and experienced multidisciplinary team comprising architects, exhibition designers, voice over artist, curators, artists, graphic designers, multimedia experts, historians, researchers, content/script writers, structural consultants, lighting designers, AV specialists, engineers and other professionals as required for the project.

Phase 2: Concept Design, Detailed Design & Approval

4. Design and Technical Documentation

Prepare concept layouts and proposal drawings, including space planning, thematic zoning, detailed working drawings, construction/fabrication drawings, technical specifications, material specifications, detailed estimates, electrical and lighting drawings, AV and networking layouts, and other service drawings required for the implementation of the project.

5. 3D Visualization and Presentation

Prepare high-quality 3D visualizations, photorealistic renders, animations and immersive 3D walkthrough presentations of the proposed design for review, consideration and recommendation by the Technical Committee. *(For selected bidders in Stage 1, wherever applicable.)*

6. Presentation and Design Approval

Make presentations before the Technical Committee/Competent Authority and incorporate the observations, comments, corrections and modifications communicated by the Technical Committee until final approval is obtained, without any additional financial implication, where such changes are within the scope recommended by the Technical Committee for the shortlisted firms.

Capacity	:	6 Seated
Space Availability	:	Hall situated in Vidhan Sabha in basement (See drawing 1)
Time for Flight/Ride	:	4K-quality cinematic video shooting covering 5 themes, with: • 5-minute videos: 4 rides. (Forts, Palaces, Forest, spiritual places and Jaipur city) • 3-minute videos: 1 ride covering Vidhan Sabha(Old, new and ajmer legislative assembly) Forest & Spiritual Places, Forts, and Jaipur. • 3-minute merger videos: 2 rides (Forts+ Jaipur city) and (Forest + spiritual places)

The Technical Committee recommends that during the Expression of Interest (EOI) meeting, the participating agency is required to comprehensively demonstrate and provide the detail technical specifications, strategic approach, and how they are going to execute the project as per the recommended Scope of Work given below. The presentation must include 3D visualizations and a detailed breakdown of the execution methodology corresponding to the estimated project cost. Specifically, agencies must present a robust project plan covering technical specifications, detailed drawings, space planning, step-by-step execution workflows, required timelines, and manpower deployment schedules. Furthermore, submissions should incorporate a detailed cost estimate, relevant past experience of the company, and the specific advanced technologies proposed for utilization. Agencies are also encouraged to bring forth innovative suggestions and value-additions from their side to ensure optimal project delivery, quality assurance, and adherence to government standards. The agency need to submit their EOI along with following documents portal as well as time of meeting in sequence:

S.NO.	Requirements	Deliverables
1	Visual & Conceptual Presentation	• Comprehensive 3D visualizations bringing proposed concepts to life. • Demonstration of alignment with Vidhan Sabha & department's vision and Scope of Work.
2	Execution Methodology & Strategy	• Detailed action plan on how work will be executed within provided cost estimates. • Step-by-step workflows translating government requirements into tangible reality.
3	Technical Specifications & Drawings	• Detail technical specifications of technology and systems which are going to be use in project and architectural drawings (space planning). • Clear documentation of materials, standards, and compliance measures.
4	Timeline & Scheduling	• Project timeline. • Exact duration required for completion of each phase of the project.
5	Manpower & Resource Planning	• Detailed manpower deployment schedule. • Breakdown of required personnel, expertise levels, and headcounts needed for seamless execution.
6	Financial & Cost Estimation	• Granular and transparent detailed cost estimates corresponding strictly to the project scope.
7	Company Experience & Credentials	• Portfolio showcasing past experience in successfully handling projects of similar scale, nature, and complexity.
8	Technology Integration	• Explicit breakdown of cutting-edge technologies,

functional longevity and structural integrity while entirely maintaining a regal, indigenous look.

To achieve the traditional Rajasthani architectural language using modern elements, structural walls are finished with sleek modern polymer-modified textured plasters and matte architectural paints that replicate the rich, earthy warmth of traditional lime plaster without maintenance drawbacks. Grand arches and transitional portals are constructed using lightweight, fire-retardant medium-density fiberboards or metal framing finished with seamless decorative laminates and PU paint, giving the illusion of heavy carved stone or timber.

For the seating arrangement, contemporary ergonomic lounge framing is utilized to provide high-comfort, upright seating with proper back and lumbar support, entirely avoiding low-profile layouts. This modern seating structure is seamlessly styled with durable, stain-resistant modern upholstery textiles featuring traditional Rajasthani block prints, geometric bandhani patterns, and subtle metallic embroidery, ensuring it delivers both ergonomic excellence and an unmistakably rich royal ambiance., concealed LED architectural strip lights and warm recessed spotlights to mimic a soft glow, complemented by contemporary metal-crafted light fixtures designed to resemble heritage brass lanterns. Finally, flooring combines large-format vitrified tiles with modern anti-skid properties patterned to emulate classic stone inlay work, overlaid with durable, easy-to-clean synthetic dhurries. This thoughtful fusion ensures the interior remains modern, safe, and low-maintenance while exuding an unmistakably rich Rajasthani royal ambiance.

Chapter-6: Deliverables

7.1 The participating bidders would submit the following with respect to this Eol:

- i. The bidder should provide relevant papers with regard to eligibility criteria mentioned in chapter 3.
- ii. The bidder should submit detail plan for establishing helicopter simulator and photo booth along with justification.
- iii. The bidder should propose strategy and execution plan to make the project.
- iv. The bidder may provide detailed plan for developing waiting area.
- v. The bidder should submit list of at least one or more existing organization where similar projects have been conducted by the participating bidder. Following details to be provided:
 - Name of Organization
 - Address of organization
 - Address of site where project(s) was established
 - Contact person and telephone number
 - Nature of Business
 - Area in which project(s) to be established (Museum, Army, Airport & flight school etc.)
 - Date of commencement of operations
 - Number of personnel employed/deployed (with Proportion-if required)
- vi. The bidder should necessarily state the issues and challenges that the bidder visualizes in the proposed method of conducting activities related with establishment of project. Recognition of issues & challenges and strategy proposed to address the issues should be part of the proposed solution.
- vii. The bidder can provide any other detail which is relevant for making the project more efficient.
- viii. A detailed presentation covering all the above may be required to be conducted by the participating bidder on the date intimated by DST.

Chapter-7: Bidding Process

- 8.1 This is a two stage selection process for **“EOI for Selecting Agencies for Establishment of Helicopter Simulator and Photo booth at Museum on Political Narratives, Rajasthan Legislative Assembly, Jaipur Rajasthan.**
- 8.2 The EOI bid should be placed in one envelop and should be marked as " EOI for Selecting Agencies for **Establishment of Helicopter Simulator and Photo booth at Museum on Political Narratives, Rajasthan Legislative Assembly, Jaipur Rajasthan** and sealed properly. The bidding process will take place in two stages as described below:
Stage-1: Shortlisting of bidders through Eol
Stage-2: RFP shall be issued to shortlisted bidders from Stage-1.
Bids will be evaluated based on technical factors detailed in RFP/Eol.
- 8.3 Pre-bid meeting
- 8.3.1. The bidder or its official representative is invited to attend a pre-bid meeting which will take place (Rajasthan Legislative Assembly).
- 8.3.2. The purpose of the meeting will be to clarify issues and to answer questions on any matter related to EOI.
- 8.3.3. The bidder is requested to submit any question in writing, to reach DST not later than two days before the meeting in the following Email address. scienceparkjaipur@gmail.com
- 8.3.4. Minutes of the meeting, including the text of the questions raised and the responses given, will be put on the website of DST. The revised EOI as a result of pre-bid meeting shall be made available on the website within seven days.
- 8.4 The EOI bids will be opened date & time mentioned in chapter 2 in the office of Project Director, Department of science and technology, first floor, vigyan bhawan, shastri nagar, Jaipur. Thereafter the Eol bids will be evaluated by DST. The short-listed bidders may be asked to give a presentation before the committee on the dates assigned to them by DST at Rajasthan legislative assembly.

Chapter-8: Bid Submission

- 9.1 The bid shall be typed or written in indelible ink and shall be signed by the bidder or a person duly authorized to bind the bidder to the Contract/ Agreement. All pages of the bid, except for un-amended printed literature, shall be initialed by the person or persons signing the bid.
- 9.2 The last date for submission of bid is as per NIB subject to corrigendum.
- 9.3 The authorized person as mentioned in point 9.1, should submit a duly filled declaration as per Annexure 4.
- 9.4 The bidder may submit different proposals within same sector in a single bid. Separate bids are required to be submitted for separate sectors. But each proposal shall cover all points mentioned in the EOI document.

Chapter-10: Validity of Bids

- 10.1 Bids shall remain valid for 90 days after the date of Bid opening. A Bid valid for a shorter period shall be rejected as non-responsive.
- 10.2 In exceptional circumstances, DST may solicit Bidder's consent to an extension of the period of validity. The request and the responses there to shall be made in writing. A Bidder granting the request is not required nor permitted to modify the Bid.

Chapter-11: Disqualification

- 11.1 DST, may in its sole discretion and at any time during the processing of Eol, disqualify any bidder from the Eol process if the bidder has –
- ❑ Made misleading or false representations in the forms, statements and attachments submitted in proof of the eligibility requirements.
 - ❑ If found to have a record of poor performance (as per audit conducted by DST) such as abandoning works, not properly completing the contract, inordinately delaying completion, being involved in litigation or financial failures, etc.
 - ❑ Submitted an Eol which is not accompanied by required documentation, Bidding document fee, is non-responsive.
 - ❑ Failed to provide clarifications related thereto, when sought.
 - ❑ Submitted more than one Eol. This will cause disqualification of all or subsequent to first Eol submitted by such applicants.
- 11.2 Applicants who are found to canvass, influence, or attempt to influence in any manner the qualification or selection process, including without limitation, by offering bribes or other illegal gratification, shall be disqualified from the process at any stage.
- 11.3 A Bid not valid for at least 90 days shall be considered as non-responsive and would be disqualified.

Chapter-12: EOI Bid Evaluation Process

- 12.1 **Opening of EOI Bids:** The Tendering Authority will open the EOI bids in the presence of bidders' representatives who choose to attend the opening of EOI bids is as per NIB at the following location:

**Office of the Project Director,
Department of science and technology,
first floor, Vigyan Bhawan, Shastri
Nagar, Jaipur 302016**

The bidders' representatives who are present shall sign a register evidencing their attendance.

- 12.2 **Preliminary Examination of EOI Bids:** The Tendering Authority will examine the EOI bids to determine whether they are complete, whether the documents have been properly signed, whether the required bid document fee and is enclosed, and whether the bids are generally in order. Any bids found to be non-responsive for any reason or not meeting the eligibility criteria specified in the bidding documents will be rejected by the Tendering Authority and not included for further consideration.
- 12.3 **Evaluation of EOI Bids:** The Tendering Authority will carry out a detailed evaluation of the bids in order to determine whether the bidders are qualified and whether the technical aspects are substantially responsive to the requirements set forth in the bidding documents. To reach such a determination, the Tendering Authority will examine the information supplied by the Bidders and other requirements in the bidding documents, considering the deliverables mentioned in Chapter 7. Following are the steps for evaluations

- 12.3.1 Bid documents must be sent at the address given below, on or before 15:00 hrs. on ("Submission Deadline") and Bid will be opened on the same day at 15:30 hrs. at the address given below in the presence of the Bidder's representative, who wish to attend.

**Office of the Project Director,
Department of science and technology,
first floor, Vigyan Bhawan, Shastri
Nagar, Jaipur 302016**

Email: scienceparkjaipur@gmail.com

- 12.3.2 Corrigendum to be released (if required) in lieu of changes proposed by prospective bidders and approved by DST.
- 12.3.3 Submission of technical bid along with proposal from prospective bidder
- 12.3.4 Technical evaluation of the bid as per eligibility criteria defined in section 3.2
- 12.3.5 List of technically responsive bidders shall be intimated via written/Email communication shall be sent to the authorized person as defined by the bidder
- 12.3.6 Qualified bidders shall be called for Technical Presentation based on the proposal
- 12.3.7 A committee nominated by RLA shall evaluate the Technical Proposal through Technical presentation by qualified bidder (Refer NIB for details)
- 12.3.8 The selected bidders will be allowed to participate in stage-2 (RFP process)
- 12.3.9 RFP will be prepared and shared with the bidders shortlisted from Stage-1.

Name & Signatures of the Bidder along with Seal

- 12.4 Clarification of EOI Bids and Contacting the Tendering Authority: The Tendering Authority may conduct clarification meetings with each or any Bidder to discuss any matters, technical or otherwise. The bidder may be required to make presentations on his methodology for carrying out the tasks. If considered necessary, the Tendering Authority may like to visit projects being handled by the bidder.

Any effort by the bidder to influence the Tendering Authority in the Tendering Authority's evaluation of technical Bids, bid comparison or the Tendering Authority's decisions on acceptance or rejection of bids may result in rejection of the bidder's bid.

Chapter-13: General Terms and Conditions

- 13.1 The Agency shall bear all costs associated with the preparation and submission of the bid, DST will not be responsible for those costs regardless of the conduct or outcome of the bidding process.
- 13.2 Tender forms shall be filled in ink or typed. No tender filled in pencil shall be considered. The agency shall sign the tender form at each page and at the end, in token of acceptance of all the terms and conditions of the tender.
- 13.3 Agency is expected to examine all instructions, forms, terms, and specifications in the bidding documents. Failure to furnish all information required in the bidding documents or submits a Bid not substantially responsive to the bidding documents in any respect may result in the rejection of the Bid.
- 13.4 If any dispute arises out of the contract with regard to the interpretation, meaning and breach of the terms of the contract, the matter shall be referred to by the parties to the Principal Secretary, Finance Department who shall be the Sole Arbitrator of the dispute and whose decision shall be final and binding for all.
- 13.5 All disputes arising because of difference in opinion or otherwise would be subject to the jurisdiction of courts in Jaipur only.
- 13.6 DST reserves the right to abandon the relationship at any stage during the contract without giving any prior notice to the selected bidder.
- 13.7 Any Change in the constitution of the company, etc. shall be notified forth with by the agency in writing to the tendering authority and such change shall not relieve any former member of the company, etc., from any liability under the contract.
